

Wind Riders of S.E. Louisiana

The Wind Riders of S. E. Louisiana originated one year ago as a chapter of Abate of Louisiana. Certain circumstances caused us to rescind our membership in June, reverting to a riding club. However, we are an organization dedicated to motorcycling safety, motorcycling education, and fair motorcycling legislation. We discussed several suggestions regarding MRO affiliations, deciding to attach ourselves to the Pelican State ABATE charter. Russ McInnis and Theresa Sullivan graciously accepted us as their new southern La. Chapter.

We, the Wind Riders of S. E. Louisiana have dedicated ourselves in support of the Slidell Battered Women's Shelter providing groceries and donations as well as providing Christmas gifts for the children of the women residing at the shelter. For those of you who are old enough to remember the "old fashioned" blood runs of years ago, we have planned at least one for the spring, and as many more that we can organize until we run out of blood. And, we are currently constructing our website. Check it out below.

Chris Schade, representative of Bikers Against Child Abuse (BACA) appeared at our last meeting. We were impressed with his presentation, and agreed to fully support BACA. www.bacausa.com

On behalf of the Wind Riders officers and members, we are proud to represent Pelican State ABATE as your southern chapter, and we look forward to meeting all of you down the road.
